Dear Antoon de Baets:

The Bureau of the Commission on the History and Theory of Historiography met earlier this month in Göttingen. I presented your proposal to the bureau and urged a formal cooperation between our commission and your project. Unfortunately the bureau was not willing to go that far. They are willing to cooperate with you but felt that the proper place for the project should be the CISH (Comité Internationale des Sciences Historiques). If you intend to turn to the CISH, I shall be very willing to write a supporting letter.

I do not know whether I told you that I spoke with Marion Berghahn of Berghahn Books about your project. She is quite interested in hearing from you. The address is Dr. Marion Berghahn, Berghahn Books, 165 Taber Avenue, Providence RI 02906; fax 001-521-0046.

I very much enjoyed our meeting in Groningen. We shall be in touch. Mail will reach me here until July 20; fax and e-mail until July 21. After that I shall again be in Buffalo: Fax: 001-49-645-5954; e-mail: iggers@acsu.buffalo.edu .

All the best,

  
Georg Iggers
